

**VI th GENERAL MEETING OF
REDES CRISTIANAS
LIBERATING ACTIVITIES TODAY
30th November, 1st & 2nd December, in Gijón**

The VI th General Meeting of Redes Cristianas will take place in Gijon at the end of the year, with the object of bringing together the maximum number of persons integrated in the different organizations and communities that constitute Redes, but also open to persons and organizations with similar concerns and proposals. This year, the logistics of the event will be handled by the Gaspar García Laviana Forum (since this year is the 40th anniversary of the death of this prophet of the liberation).

We are going to meet with a central objective: to analyse, in terms of liberating action, the challenges facing our society in a framework of globalization, techno-scientific revolution, exaggerated consumerism, neoliberal capitalism, and ethical-social, economic, political and environmental crisis.

For this purpose we offer nine workshops, in which the male and female participants can register to reflect, debate and draw conclusions in these different matters, all of which are urgent and which require an honest dialogue and individual, community and social answers.

The workshops are:

1. The prophets
2. State Totalitarianism and Citizen Activity
3. Inequality/Discrimination
4. Male Violence
5. Disinformation Media/Social Media
6. Economic Neoliberalism
7. Secularism/Spirituality
8. Deterioration of the Earth
9. Globalization/Frontiers
